

The Technical Support Instrument (TSI)

- Demand-based, tailor-made, and “bureaucracy-free”
- Expert support
- No co-financing
- Tri-lateral co-creation

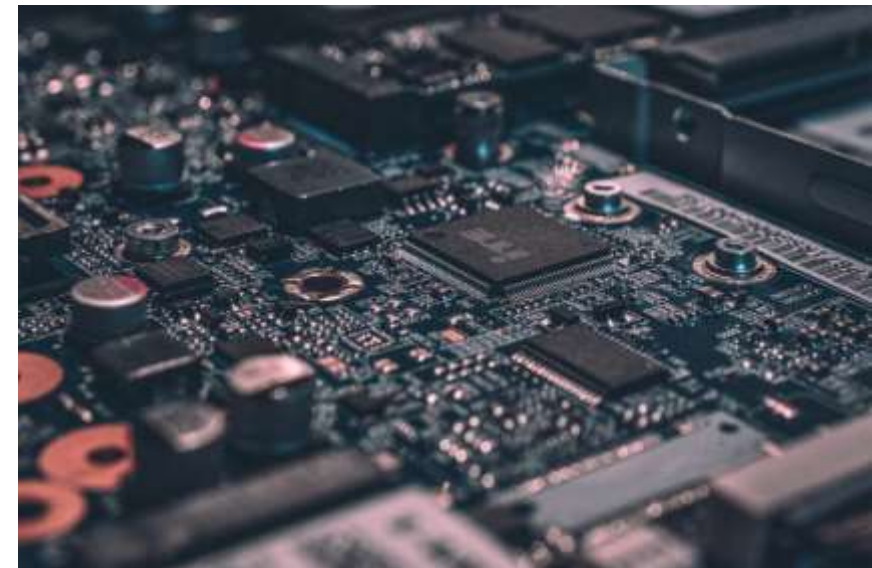

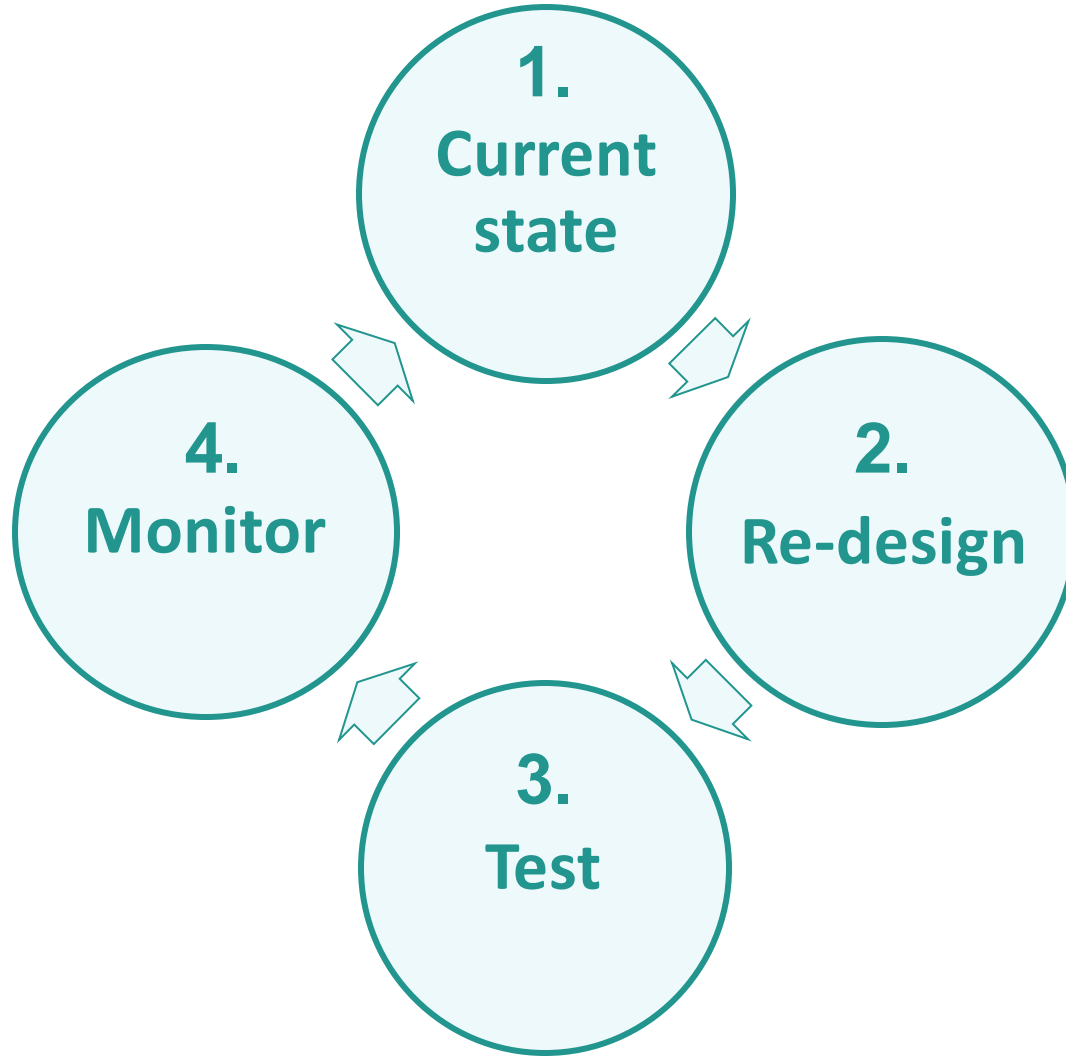

DG REFORM involved in the entire project

Digital transformation. Our philosophy

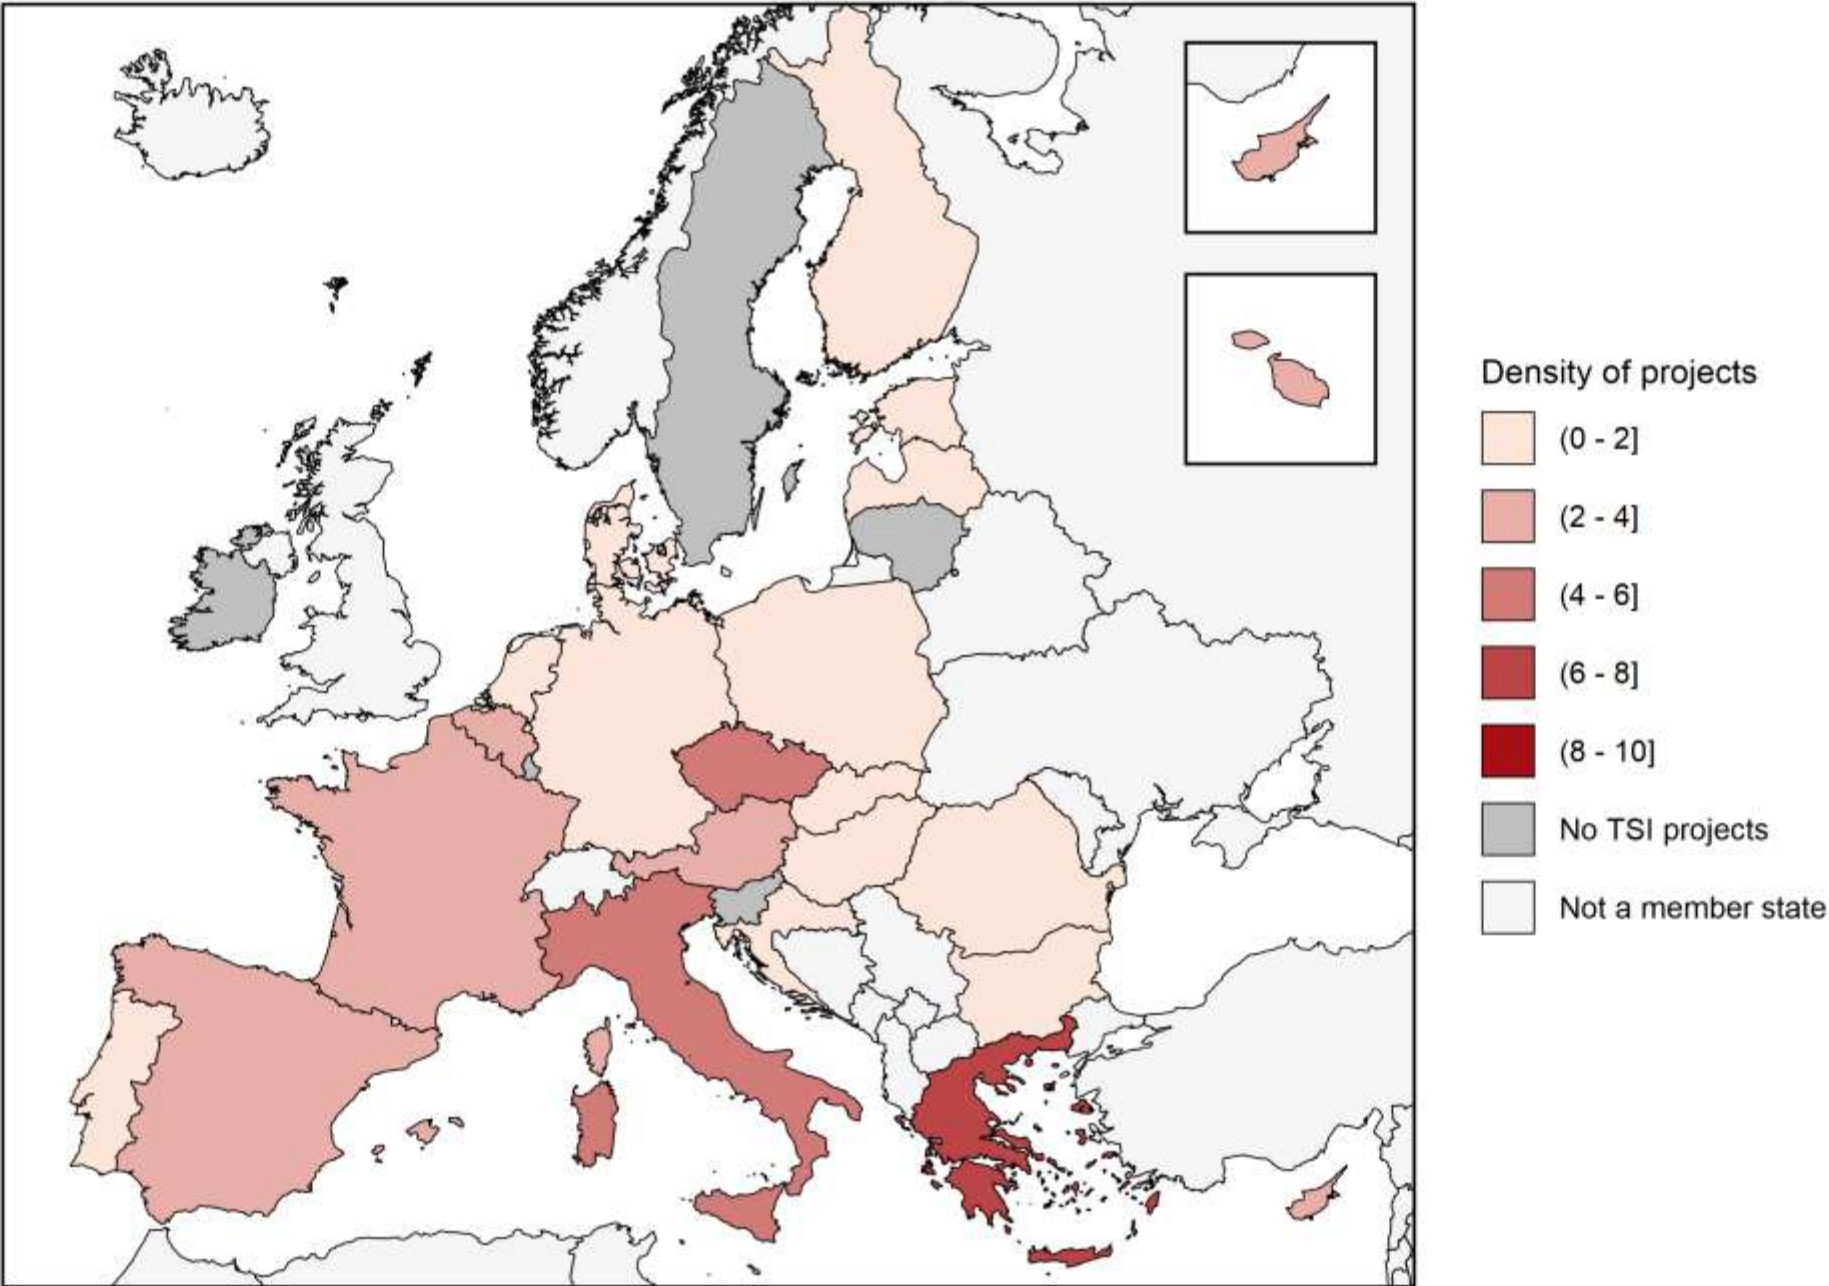

Digital transformation. Our philosophy

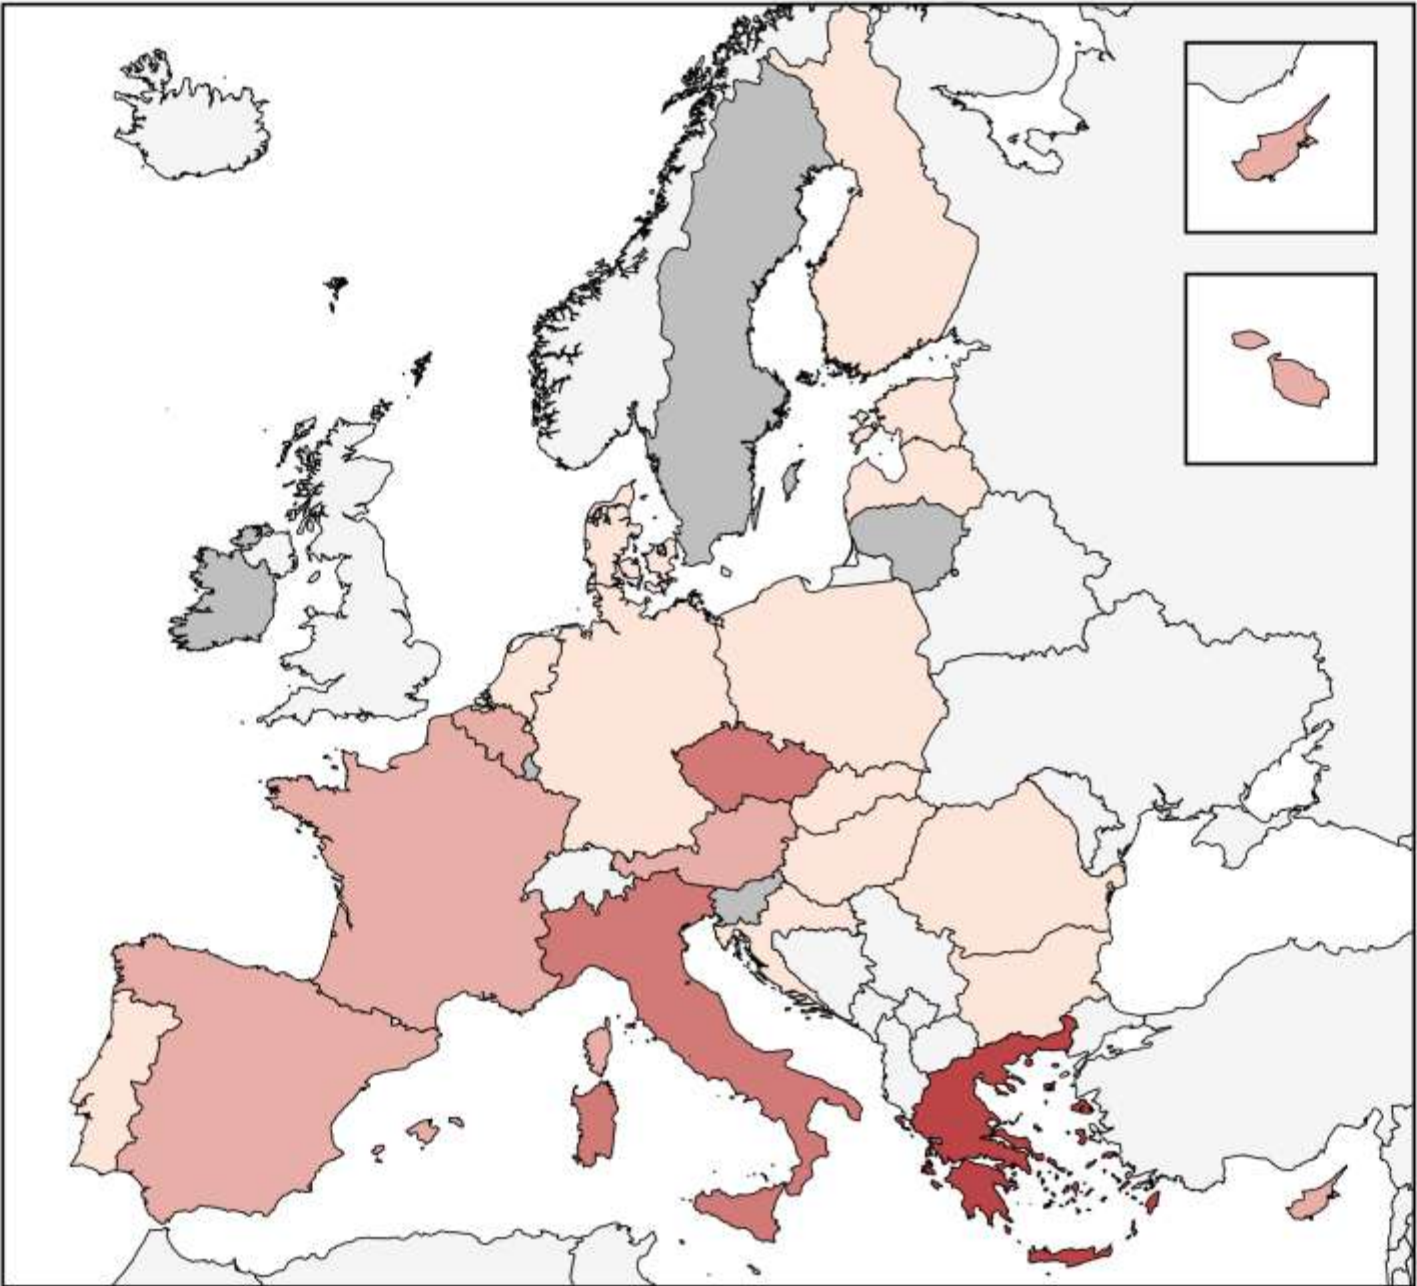

Business process re-engineering

Number of Digital Public Administration projects per country (60 projects)

Number of Digital Public Administration projects per country (60 projects)

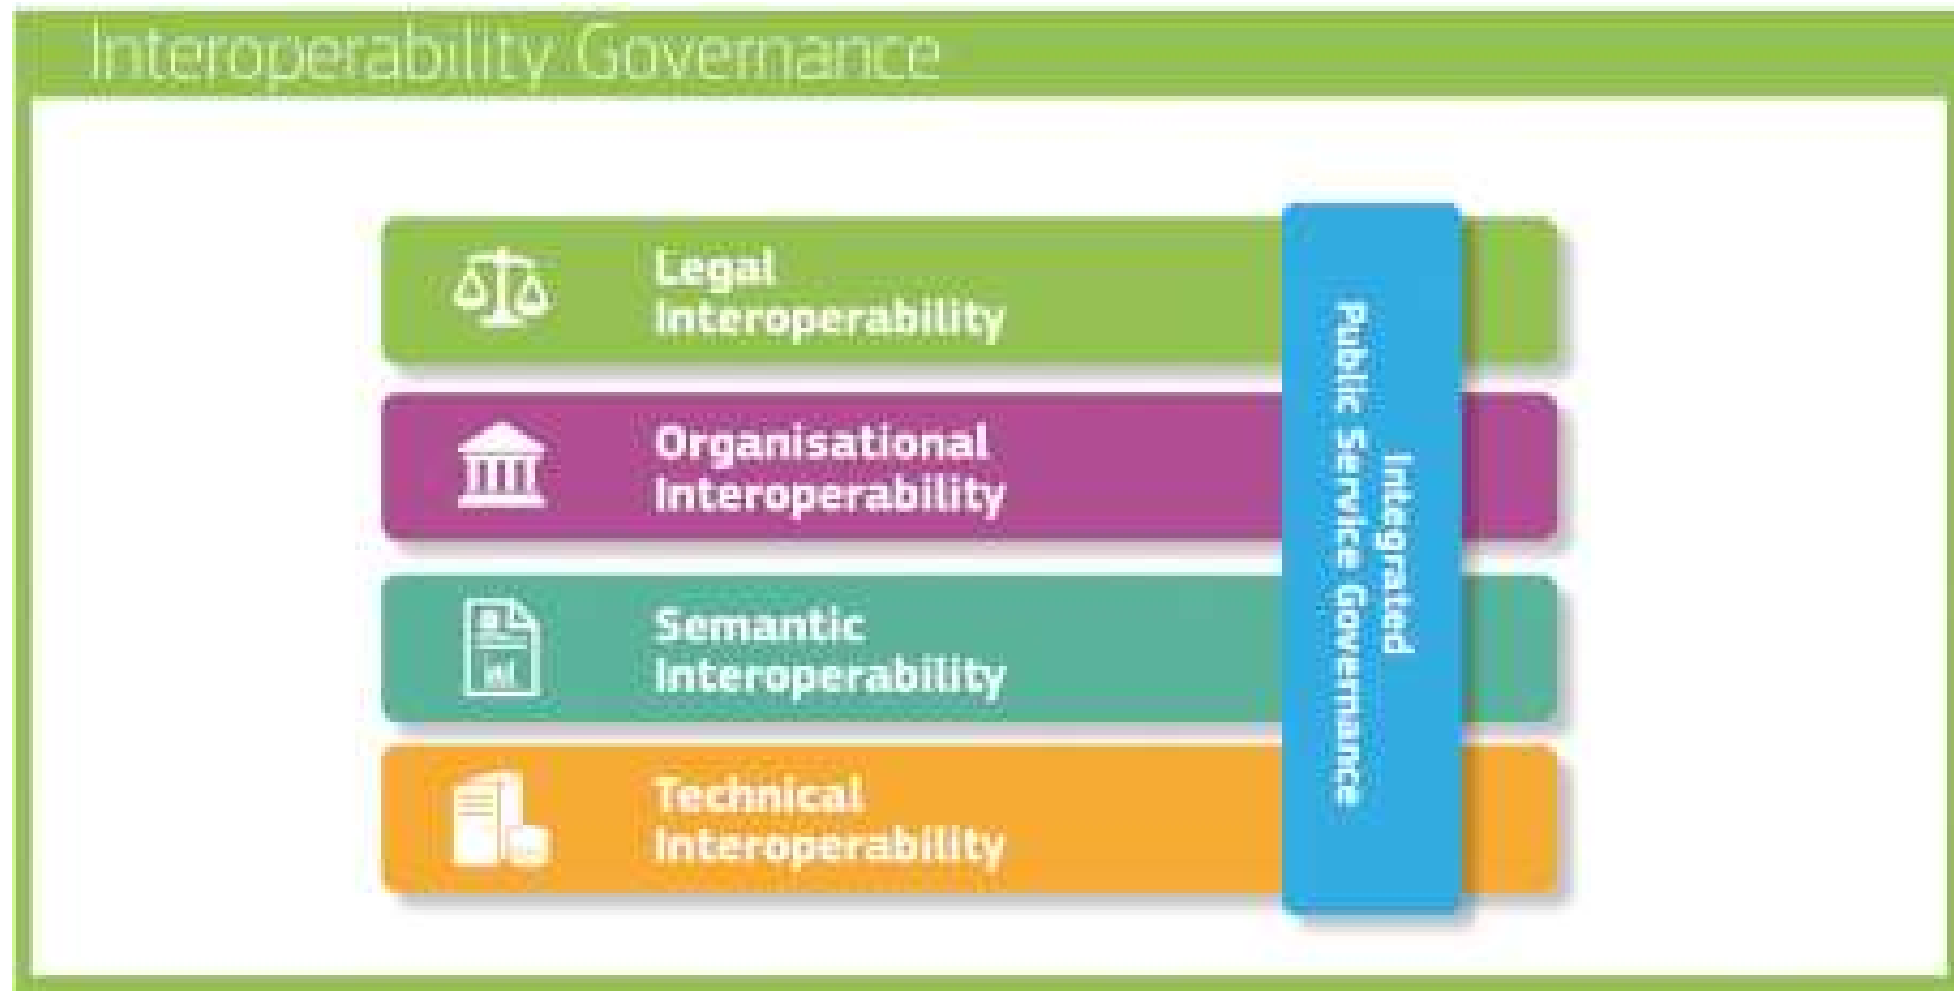

Digital justice: 15 projects

Projects with a digital component: 44

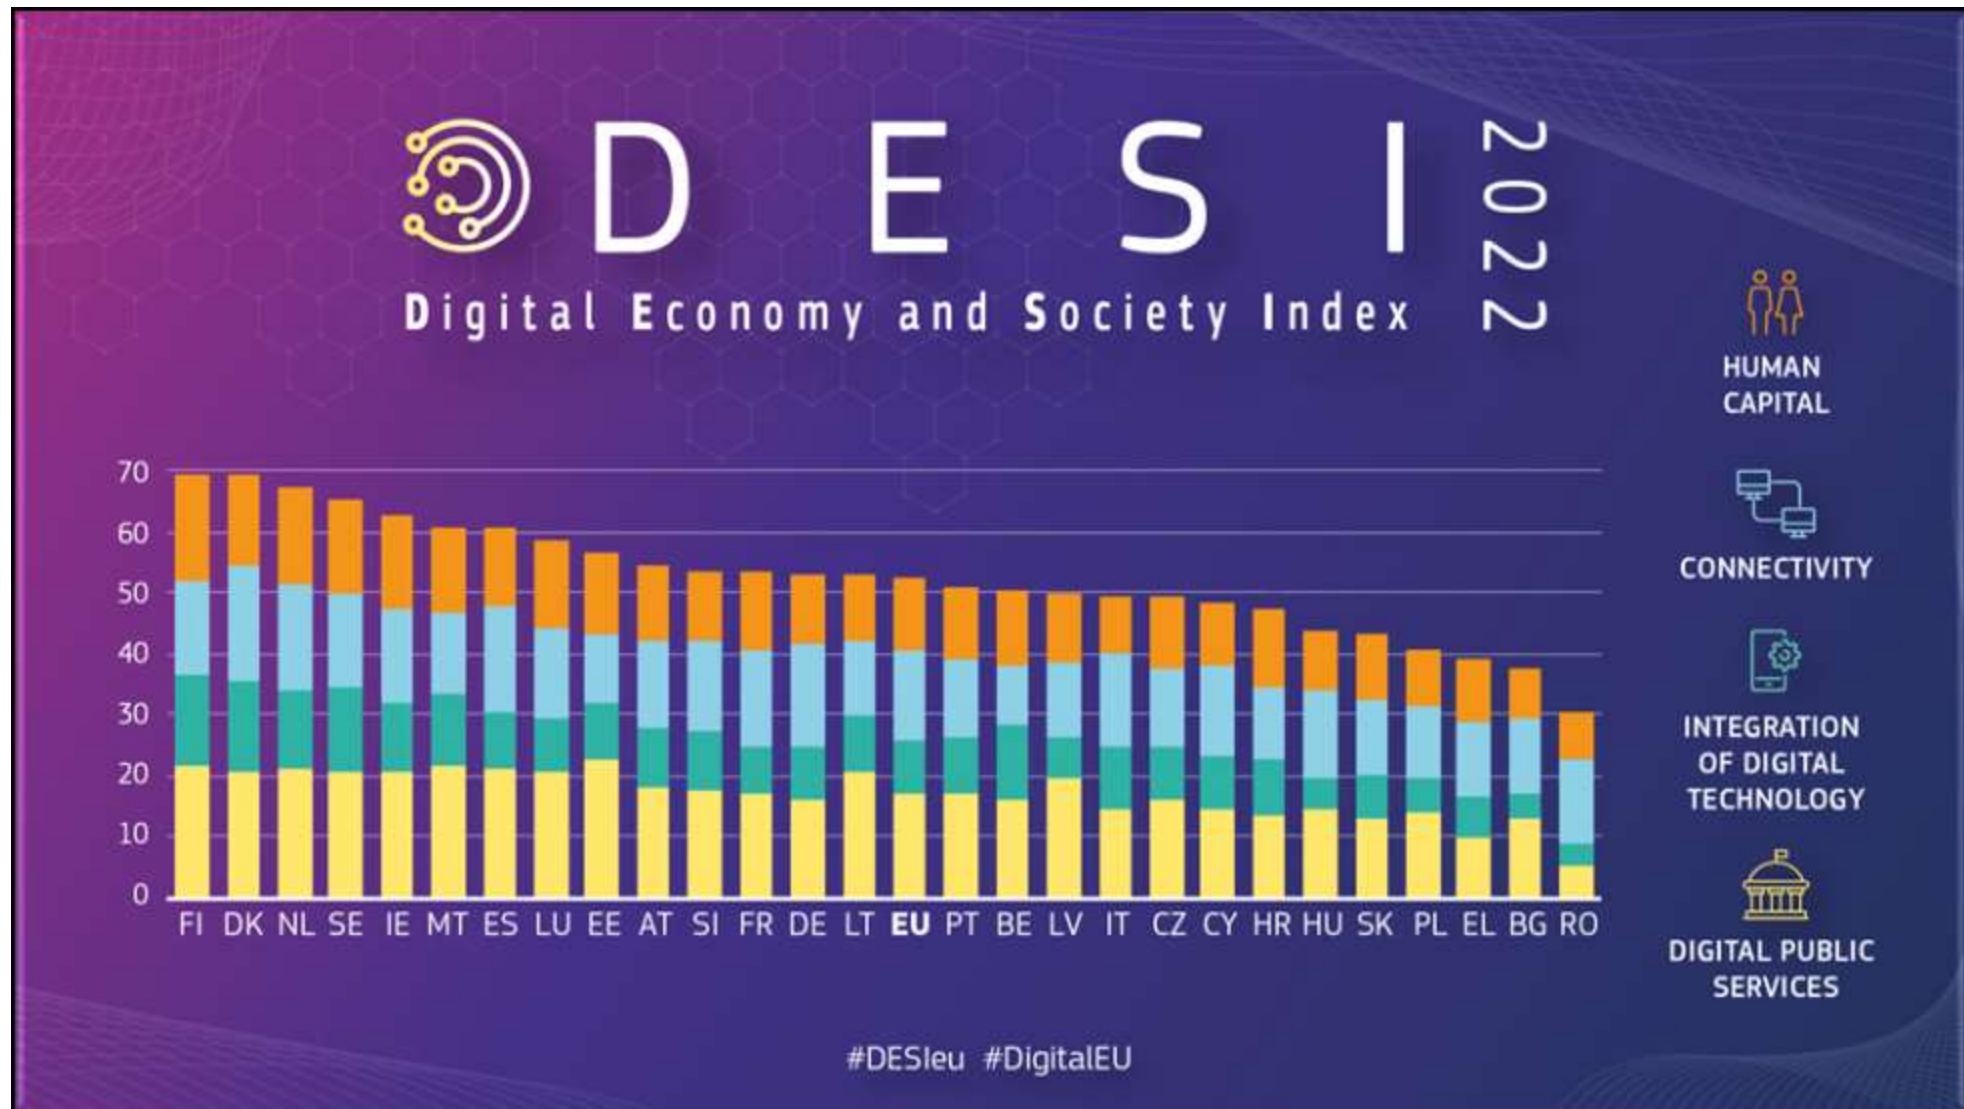

Density of projects

- (0 - 2]
- (2 - 4]
- (4 - 6]
- (6 - 8]
- (8 - 10]
- No TSI projects
- Not a member state

What are we doing: Interoperability policy

What are we doing: DESI index

Questions?

Flagship: Digital transformation for regional and local authorities

1. Local deployment of the national “**5G corridor deployment strategy**”
2. **Smart cities** strategy (local digital platforms and local digital twins)
3. **Once-Only and eIDAS** implementation design
