

Event Speaker Biography

Matthieu Merciecca

Chef de la Mission éducation-économie Campus, Ministère de l'éducation nationale et de la jeunesse, France

After over a decade in the private sector, working in favour of the knowledge economy, Matthieu Merciecca joins the French Ministry of National Education and progressively specializes on private and public partnerships and vocational training. Currently, head official for the national deployment of the new French generation of hubs for vocational excellence (Campus de métiers et des qualifications d'excellence). He is responsible for the strategic coordination and follow-up of over a 100 Campuses divided into 12 sectors of the future (aeronautics, automotive, health, crafts, etc.). He is also a member of the steering committee for the allocation of funding on the French national call for projects "skills and professions of the future" endowed with 2.5 billion euros intended to support the "France 2030" recovery plan.
