

# Support to the Renovation Wave

## The flagship technical support facilitates

- ✓ Implementing the **EU Renovation Wave** and **national long-term renovation strategies**
- ✓ Deploying **cohesion policy funding**, one of the main EU funding instruments for renovation

## IMPACT OBJECTIVES

- ✓ **Overcoming barriers to building renovation**, including administrative capacity constraints
- ✓ **Contributing to job creation, to EU's climate objectives, and to reducing energy poverty** through effective renovation policies
- ✓ **Making the most of cohesion policy funding for renovation**: tapping this large source of funding to boost building renovation

# Support to the Renovation Wave

## HOW CAN WE BOOST BUILDING RENOVATION?

The flagship suggests **three activity packages** tailored to the national and local contexts. As relevant and requested, different types of support could be combined in the same support package.

### BUILDING RENOVATION POLICIES

- Support to policies in areas such as energy poverty, public buildings, and sustainable renovation (circular economy, skills, lifecycle emissions, climate resilience, digitalisation, etc.)
- Analysis of administrative, financial and regulatory barriers
  - Design of measures and action plans, including for attracting financing and project pipeline development
  - Capacity building

### COORDINATION MECHANISMS

- Support to an effective governance of the long-term renovation strategies.
- Stakeholders map
  - Analysis of capacity constraints and existing coordination mechanisms
  - Recommendations for an effective and inclusive coordination mechanism, including possible e-government solutions
  - Capacity building

### COHESION POLICY FUNDING FOR BUILDING RENOVATION

- Support to successful implementation of the 2021-2027 cohesion policy programmes on building renovation.
- Analysis of barriers and needs
  - Action plans for relevant authorities and other actors
  - Advice for implementation of the action plan, including support in developing methodologies
