

Fit for recovery and transition: Supporting Quality of Public Administration in the European Union Member States

Innovation in the public sector

The workshop will present perspectives on making innovation happen in the public sector. It will cover embedding innovation principles into commitments and action, creating public sector capacity of anticipation and future readiness, designing and delivering on missions, and managing innovation in public administrations. This workshop will include interactive components for participants to reflect on the topics presented.

Agenda

14:30 – 14:35	OECD opening remarks (Marco Daglio, Head, OECD Observatory of Public Sector Innovation) - Moving from Innovation principles to commitment of the EU member states [5 min]
